

# Central Carlton County Amateur Radio Net

## Net Control Preamble

QST QST QST This is *(your call)*. QST QST QST This is *(your call phonetically)*. My name is *(your name)* and this is the Central Carlton County Amateur Radio Net. The purpose of this net is to pass emergency and priority traffic, to exchange information of general interest to all amateur radio operators, and to stimulate the use of this repeater system. This net is sponsored by The Arrowhead Radio Amateur Club and we invite all listeners to participate by checking in.

I will now stand by for any stations with emergency or priority traffic. Any station having emergency or priority traffic only, please call *(your call)* *Pause 6 seconds*

Hearing none, let's move on to routine checkin's. When checking in, please inform net control and the group of your location. If you have NO INFO for the group, please state that at the end of your transmission by giving your call sign and location followed by "NO INFO". Otherwise, we will call on you for information for the group.

First we'll take Short time or low power stations. Any short time or low power stations, please call *(your call)* *Pause 6 seconds or write down calls.*

FOR NO INFO, PLACE AN "X" IN THE BOX NEXT TO THEIR CALL SIGN. DON'T FORGET TO INCLUDE YOURSELF

Now we'll take any mobile stations... Any mobile stations, please call *(your call)* *Pause 6 seconds or write down calls.*

Let's move on to stations outside of Carlton County, please call *(your call)* *Pause 6 seconds or write down calls.*

Now we'll take stations inside of Carlton County. Any stations inside Carlton County, please call *(your call)* *Pause 6 seconds or write down calls.*

Now I'll take any late check-in's. Any late check-in's, please call *(your call)* *Pause 6 seconds or write down calls.*

This has been the Central Carlton County Amateur Radio Net. I want to thank all stations for checking into the net tonight. We had \_\_\_\_\_ check-ins. This has been *(Your name and your call)*, your net control for this evening. I will now officially close the net at *(time)* local time and return the repeater system to general amateur use. Thank you, good evening and 73. *(your call)* is now clear.
